

# CLINICAL RECYCLING PROGRAM

ARE YOU A PRIVATE DENTAL PRACTITIONER? WE WANT TO RECYCLE YOUR DENTAL SCRAP!

OUR COLLABORATION MAKES IT EASY FOR YOU TO RECYCLE AND SUPPORT EQUITABLE ACCESS TO ORAL HEALTH CARE. **DOING GOOD HAS NEVER BEEN THIS EASY.**

## WHAT IT IS

We've made it easy and free to responsibly recycle your old crown and bridge materials with Core Scientific and donate the tax deductible proceeds to the Children's Dental Health Clinic.

There is no cost to participate.

Core Scientific manages everything (and even covers all shipping costs).

## WHAT WE WANT

Accepted: porcelain fused to metal, porcelain fused to gold, extractions with inlays and onlays, precious metal crowns and bridges, yellow gold partials, buttons, wire, clasps.

Not accepted: amalgam pellets (contain mercury), traps, x-ray backing (lead), separators, partials (non-precious alloy), instruments, non-metallic scrap.

## GET STARTED TODAY:

- 1 Enroll with Core Scientific by emailing Robert Dittman – [robert@core-scientific.com](mailto:robert@core-scientific.com)
- 2 Select the percentage of proceeds allocated to the CDHC (100%, 50%, 25%)
- 3 Receive a recycling container, pre-paid shipping label, and your personal customer portal from Core Scientific
- 4 Fill the container with used materials & pop it in the mail
- 5 Receive a new container and shipping label from Core Scientific as well as a donation letter from the CDHC
- 6 REPEAT!
